Mr. C. I. Spencer, of Flemingsburg, is in this city today shaking hands with his many friends.

GREAT GAME PROMISED.

The ball game between the Kentons, of Covington, and the Regulars, of this city, promises to be the best contest staged on the local diamond this season, as both teams are in the pink of condition. Manager Dresel has not decided whom he will use in the box for the Regulars, but Charles Eitel, of this city, who is trying out with the Marion (O.) Buckeye League team, will probably occupy the mound. The Regulars are hard at practice every afternoon and are smoothing the kinks out of their team work. The Kentons are one of the best teams of Cincinnati and vicinity, and have held the Kenton county and K. I. O. championships several times. Several former big leaguers are in their lineup, but Manager Dresel is confident that his boys can down them. Come out and see them do the stunt.

BARNES-ROOSEVELT JURY IS HUNG, WITH MAJORITY IN FAVOR OF EX-PRESIDENT.

Syracuse, N. Y., May 21.—The Barnes-Roosevelt jury today returned a verdict clearing the former President of the charge of libeling the Republican leader, but asking that the expense of the trial be divided between the two men. When the foreman entered the announcement was made that the verdict was for Roosevelt and that the verdict for dividing the expense was unanimous. However, when roll was called by Clerk Clark Juryman Burns voted for a verdict for Barnes. All the rest voted for Roosevelt. Judge Andrews declared this verdict was not legal and sent the men back. At 12:35 the jury was still out.

PRESIDENT GRANDPA AGAIN

Washington, May 21.—A daughter was born to Secretary and Mrs. William Gibbs McAdoo, who was Eleanor Wilson, the youngest daughter of the President. The baby, which weighed between eight and nine pounds, is already named Ellen Wilson McAdoo, after Mrs. McAdoo's mother, the late mistress of the White House. The first person to be notified of the arrival of the young McAdoo heiress was the President, who received a personal telephone message from Secretary McAdoo. Secretary McAdoo has five children by a former wife and one grandchild.

BOARD OF SUPERVISORS FINISH TASK.

The Board of Supervisors completed their survey of the city assessment Friday and the result of their work is that the assessments have been raised about \$80,000—which will increase the revenue to the city by about \$1,120. The Board for this term consisted of Messrs. Henry Shea, S. P. Browning and W. T. Cummins.

Mrs. Anna Steinauer, Boston's only policewoman, has just completed an investigation which shows that a large percentage of the girls in that city are cigarette smokers.

HUMANE NOTES.

The Mason County Humane Society met in regular session at the rooms of the City Mission Thursday night. Seven members were present and the subject discussed was the ways and means of having humane laws enacted that may be of benefit to the cause. The City Council will be asked to give police power to the humane officer in order that he may work more effectively in the city. The state law can and will be enforced when cases of cruelty are brought to the attention of the humane officer.

The state law is this: "If any person unnecessarily beats, tortures, uses or otherwise mistreats any animal, whether his own or not, he shall be fined not exceeding one hundred dollars."

Any person seeing this law broken can have the offender arrested and fined by calling police or humane officer, or by getting a warrant for arrest. Reporting to the humane officer is the quickest way to get results, and the public is urgently requested to report to him by telephone or otherwise, any case of beating or abusing horses, over-crowding chickens into coops, rough handling of chicken crates, and the abuse of calves going to market.

The express company has been called to our attention by its cruelty to calves taken for shipment, and its way of driving and abusing its horses.

There are agents appointed in each ward to report any violation of the humane law, and if all interested persons will give such aid to the Humane Society they will accomplish something for the benefit of the city.

FORGERY SUSPECT ARRESTED.

Friday morning Officer Tolle arrested Teddy Hook, aged 17, of the county, on the charge of forgery. It is claimed that young Hook forged checks of small denominations aggregating about \$100, drawn on the Farmers & Traders Bank, and the State National Bank. The signatures forged were those of Mr. W. L. Thomas and Mrs. Anna M. Hook, and the work is so cleverly done that it takes an expert to detect any difference between the forged and the true.

Fortunately, the checks are in small amounts, there being three drawn upon the State National Bank, and one on the Farmers & Traders, and the banks are to be complimented upon detecting the trick before the operations had assumed larger proportions.

Hook was placed in jail and will be given a hearing in the near future.

In London only persons over the age of 16 may pawn goods.

LAW FORBIDS STATE AID EXCEPT TO CONSTRUCT OR RECONSTRUCT ROADS.

Upon the defeat of the bond issue, County Judge W. H. Rice wrote to Mr. R. C. Terrell, Commissioner of Public Roads, to ascertain if it were possible to obtain state aid for maintaining the roads of Mason county. Judge Rice was familiar with the law which forbids state aid except for construction or reconstruction, and so states in his letter, but in the hope that the Commissioner might be able to suggest some way to give the county the needed assistance, he communicated with him. Mr. Terrell in his reply confirms Judge Rice's opinion and leaves no doubt that state aid can only be given to counties for construction or reconstruction.

Following is the correspondence: Maysville, Ky., May 17, 1915. R. C. Terrell:

Dear Sir: Our bond issue failed to carry Saturday and we will have to reject the state aid of \$13,164 set aside for us, unless we can use it as maintenance on the four roads that we had selected to reconstruct, which I don't think, from the leading of the law, we can. However, I want you to answer that question for me. Hoping to hear from you soon, I remain your friend,

W. H. RICE, Frankfort, May 19, 1915.

Judge W. H. Rice, Maysville, Ky. Dear Sir: Yours of the 17th, regarding the use of state's money for maintenance work. The law expressly forbids appropriating state aid for work other than construction or reconstruction.

I am sorry that your bond issue failed to carry, as I have heard that it difficult to maintain the roads of your county adequate for travel with your present road levy. Yours truly, ROBERT C. TERRELL, Commissioner of Public Roads.

THE SHOWS.

The Gem theater, commencing Monday, will have their old orchestra back again, which will be hailed with delight by the movie fans of this city, as these musicians are very popular. The orchestra is composed of a saxophone, by Prof. W. D. Weidmeyer; drums by Prof. Frank Haucke, and piano by Prof. T. Neal Hubbard.

The Pastime had an exceptionally good program last evening, and a good crowd, in spite of the inclement weather, witnessed the films.

The Washington Opera House had one of the best bills of vaudeville that was ever presented in this city last night. A very good line of pictures was also shown.
